Join our exceptional club for a healthier community

Helping you and your family
achieve and maintain better health

**Healthy
Living**
C L U B

UPMC Altoona

UPMC Altoona's Healthy Living Club is a health and wellness program for adults of all ages.

Most people take their health for granted until they face an illness or injury, but it makes much more sense to be concerned before anything happens. Prevention and education are keys to maintaining good health. That's how the Healthy Living Club can help you.

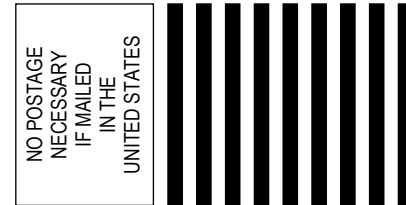

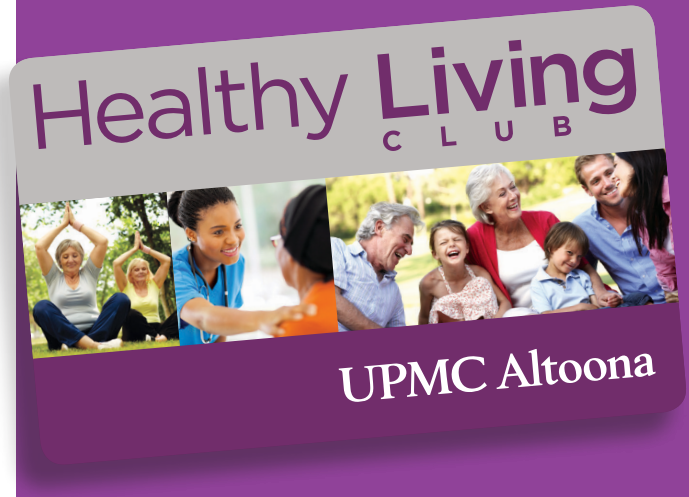

Our club is not about the barbells and exercise machines of bricks-and-mortar fitness centers. It's about gaining knowledge that can be of great value, including information on:

- **Maintaining good health**
- **Medical conditions and treatments**
- **Living with chronic illness**

Much of that information will come to club members' homes in our quarterly publication, Healthy Living Magazine. The magazine will include a calendar of educational programming on special topics that may be of significant interest to you.

Free lifetime membership includes:

- **Healthy Living Magazine**
A quarterly publication of UPMC Altoona with local articles and features to help you and your family achieve and maintain better health.
- **Gift Shop discount**
Visit our Gift Shop at the hospital or Station Medical Center and receive a 10 percent discount (excluding sale items, soda, candy, snacks, and flowers) off your total purchase.
- **Educational programming**
Scheduled throughout the year on special topics of interest for the health and well-being of all age groups.
- **Health screenings**
Special health screenings that may be of interest to you, based on your age, gender, family history, etc.
- **Free medication reviews**
Don't let the benefits of your medications be diminished by unwanted and potentially dangerous interactions. Take advantage of medication reviews by one of our clinical pharmacists.
- **Fitness and safety programs for all ages**
Never too young, never too old — and our experts provide valuable information in regular programming designed to help you maintain your wellness and safety.
